I'm the type of person who enjoys and thrives upon challenges both inside and outside the working environment and likes working under pressure. I feel I have a positive approach and outlook, along with being both organised and innovative within the work place.

I'm a really creative person, with lots of ideas and willing to give them life.

Excellent interpersonal and communication skills with an adaptable and flexible attitude to work. I am able to meet deadlines and can work within a team or on my own initiative.

I truly like working with people, dealing with different kind of interests and very motivated towards multiculturalism.
